Hi Nikki

I hope you are well,

I just wanted to let you know that we were very impressed with Sara yesterday, Mick Fillery worked with her and said she was an exceptional nurse. His day went very smoothly despite having someone who doesn't know his way of working or his room. She integrated well with all members of our team and we would welcome her back again should we need to use you again. Its always good to receive feedback and in my opinion she more than deserves us telling you how good she is.

Yours sincerely

Mrs DJ Deacon
Practice Manager
